

THE NEWS FROM VIRGINIA CONTINUED FROM PAGE SEVEN

PETERSBURG.

The Tobacco Association Accepts
Invitation to Visit Richmond.

Delegates to Baptist Association
Chosen—Homes Secured for Meth-
odist Preachers and Laymen—
Progress of Work on R. P. & C.
Railroad.

Petersburg, Va., Oct. 30.—The Tobacco Association of Petersburg held a called meeting at 11 o'clock this morning at the Tobacco Exchange to act upon the invitation received from the Civic Carnival Committee of Richmond to attend the launching of the United States torpedo boat Shubrick in Richmond to-morrow. The association voted to accept the invitation with thanks. While there will be no organized bodies, quite a large number of our citizens will attend the launching.

BAPTIST DELEGATES.
At a meeting of the congregation of the First Baptist Church held yesterday the following were elected delegates to the General Baptist Association, which meets in Richmond next month: Simon Seward, T. H. Woody, Bartlett Roper, R. W. Collier, R. H. Wallace, J. B. Whitehorn, H. S. Seward, John A. Elcher, R. W. Underwood, R. S. Gill, E. A. Hartley, S. S. Elliott, J. H. Maclin, E. L. Jenkins, and Eaton Adkins. This church made liberal contributions to all the boards of the General Association, and is, therefore, entitled to the maximum number of delegates to the association.

Col. E. W. Nichols, of the Virginia Military Institute, is on a visit to his brother, Captain J. A. Nichols, of Prince George county.

HOMES SECURED.

Homes have been secured for a majority of the three hundred clerical and lay delegates who are expected to be in attendance upon the Virginia Annual Conference, which convenes in Richmond next month. Bishop Wilson, who will preside over the deliberation of the conference will be the guest of Mr. Richard B. Davis, a prominent lawyer of Petersburg.

R. P. & C. RAILROAD WORK.

The work of grading the Richmond end of the Richmond, Petersburg and Carolina railroad in Chesterfield county, in the vicinity of the Virginia Normal and Collegiate Institute, is being prosecuted day and night. The excavation is done by a large steam shovel, which has a capacity for removing one thousand cubic yards of earth per day. In order that the work may be done at night several arc electric lights have been placed where the work is in progress. All of the force of mules and teams which have been at work on the southern end of the line of the road will be removed between Petersburg and Richmond this week. There is some talk of ballasting the entire road with broken stone, so as to make the road bed capable of standing a 50 mile an hour run. If this is done the road will not be completed before the 1st of February next. The bridge to be placed over the Meherrin river has not yet arrived. The Nottoway river bridge will be put up very shortly.

BREVITIES.

Messrs. J. B. Worth & Co. are having a large peanut factory erected on Third street which, when completed, will cost about \$5,000. The building will be 55x33 feet and will be four stories.

Miss Mary Worth, one of Petersburg's most charming and attractive young ladies, left for Richmond this morning to visit the family of Colonel E. R. Brink.

A well known tailor of this city will shortly lead to the hymenal altar a most charming young lady of Matonea, Chesterfield county.

UNIVERSITY OF VIRGINIA.

FOOTBALL AND BASEBALL—MANDOLIN CLUB—NEW CLOCK.

Charlottesville, Va., Oct. 30.—The 'Varsity team is hard at work getting in good shape for their game Saturday, November 4th, with University of Michigan. This will be a big battle and is already attracting widespread interest throughout athletic circles of the West. This trip to Ann Arbor will be the first time the "Orange and Blue" has contested for athletic honors in the West since the 'Varsity baseball team went to the World's Fair, where they made such a grand record.

A special from Detroit, where the two teams will meet, says: "There is a great deal of comment and speculation as to the result of the game, and it is generally believed the game will be a furious one and the result will be close. Michigan feels a little uncertain about the game. She recognizes that she will have plenty to do when the Virginia team lines up to defend the 'Orange and Blue'."

VIRGINIA BETTER THAN GEORGETOWN.

This will be good news to loyal Virginians. The Baltimore Medical College defeated the Georgetown team Wednesday by a score of 16 to 9. The Virginia team played the "Meds." here ten days ago and they were unable to score. This shows the excellent chances Virginia has for defeating Georgetown. Their heart is set on defeating the Georgetown boys and therefore get even for last year's defeat.

The Mandolin Club of the University of Virginia has been reorganized, with the talented Mr. Alfonso De Plene as leader. Joint entertainments by the Mandolin and Dramatic Clubs will be given in Baltimore, Washington and in some cities in this State.

A NEW CLOCK.

The new clock, given to the University by Hon. Jefferson M. Levy, has been put in place at the different stations. Two large six feet dials, finished in black and gilt, are situated in both the north and south fronts of the rotunda. There is also a large connection made in the library and in the chairman's office; besides there will be bells placed in all the lecture rooms. All are run by electricity and it is claimed that the regulator will show less than a variance of thirty seconds in thirty days.

ON THE DIAMOND.

It may be a little early to say anything concerning Virginia's chances for a good baseball team this year, but for the benefit of all eager followers of our team it can be said that the outlook is very encouraging. All of last year's batteries have returned. The infield will be composed of new

men. Ray, of last year's team, will no doubt take his place on the initial bag, and we have Maloney, Georgetown's crack third baseman, of last year's team, to fill the vacancy at third. It will be hard to get a second Curley to cover second bag, but for that position and for shortstop and for the outfield there will be over seventy applicants to pick from. Hence it is safe to say that we will keep up this year our former records on the diamond.

POISONED HER STEPSON.

MRS. BRYANT, OF BOTETOURT COUNTY, ARRESTED.

Buchanan, Va., Oct. 30.—Sheriff Barley, of Botetourt county, went to Indiana for Mrs. Belle Bryant, for whom there is a warrant out, charged with the poisoning of her stepson, Sidney Bryant. Some weeks ago Sidney Bryant, of Jennings Creek neighborhood, in Botetourt county, died under suspicious circumstances, and many thought that he had met with some foul play. The County Supervisors authorized Commonwealth's Attorney Allen to have an analysis made of the contents of the stomach of the deceased party. Prof. James Lewis Howe, of Washington and Lee University, made the analysis and the announcement is made that strychnine was found in the stomach. From the outset there has been suspicion against the stepmother, Mrs. Belle Bryant. She went to Covington, Va., and there purchased a ticket to Indiana. Information was received from Indiana that she was there, and a warrant for her arrest taken out and the Sheriff of the place asked to arrest her. Requisition papers were to be taken out, when it was learned that she was willing to return without them.

What Makes Beauty?

Beauty is made or marred by the blood. When the blood is impure, the cheeks grow sallow, the eyes dull, the hair loses its luster. When the blood flows through the veins in a pure, rich current, the eyes sparkle, the skin is clear, the complexion beautiful. Women who use Dr. Pierce's Golden Medical Discovery, find that it is a genuine beautifier. By purifying and enriching the blood it puts a bloom on the cheek and a brightness in the eye, which tell the story of perfect health.

"Having been left weak from fever last October, I was under the doctor's care here," writes Mrs. Alice B. Caschier, of Crawford, Iowa, Neb. "I took medicine, but did not seem to gain very much. I was tired all the time, had no appetite, had wandering pains all over me more or less, and was very nervous, as I had been sick all the summer. I was all run-down and didn't know what ailed me. I got advice from Dr. Pierce, telling me my symptoms, better than I could describe them myself, and also telling me that I would have to take care of myself, and how to take the medicine. I took four bottles of 'Golden Medical Discovery,' and five of 'Favorite Prescription,' and gained strength right along. I took one bottle of the 'Pleasant Pellets' also. I know that these medicines will do all that they are recommended to do."

Use Dr. Pierce's Pleasant Pellets for sluggish liver.

W. H. TAYLOR & CO.,
224 Water Street.

Dr. Greene's NERVURA
BLOOD-PURIFIER
Makes Weak Men Strong, Gives Vitality, Vigor, Strength and Energy.

Dr. Greene, 35 West 14th St., New York City, is not only a most famous, but the most successful specialist in curing those weakening and exhausting diseases of men arising from overwork, indigestion, excesses and pleasures. His great invigorator and restorative, Dr. Greene's Nervura, which is the most marvelous strength giving remedy for men known in the world to-day, is the wonderful result of Dr. Greene's long and wide experience in restoring weak and broken down men to health and happiness. Weak men, whose nervous system, powers and faculties are weakened, exhausted and broken down from whatever cause, should use this grandest and surest restorative of vital strength, vigor and power the world has ever known. Dr. Greene's Nervura is the prescription of a physician's discovery for the cure of diseases, a physician's discovery for the cure of the people, and is made from pure and harmless, powerful remedies, wonderful in their health restoring, vitalizing and invigorating powers.

Dr. Greene invites all men who have need of a physician's sympathy, advice and counsel, to write to him freely, fully and confidentially about their cases. There will be no charge whatever in any case of consultation and advice by letter or personally, and Dr. Greene will tell you just what to do to be cured.

From his great records, Dr. Greene's Nervura at once, and write him all about your case in perfect confidence, or so and see the doctor. It will cost you nothing whether you call or write.

Dr. Greene's Nervura will make you a perfect man again.

Much Depends

—upon the branches in the Fine Dental Art in the expression of the mouth produced.

Crown work converts a decayed and useless root into a serviceable, handsome, and durable tooth by adjusting a suitable cap or crown. Bridge work inserts artificial teeth where several are missing, without the use of a plate, attaching the tiny, light denture delicately, yet firmly, to the points of fastening and restoring in the most natural effect and efficiency. In this work our experience, skill, and superior mechanical facilities help us to excel. We'll gladly give you estimates—and prove the merit of our work by showing you facsimiles of many of our cases.
